# H2 VALLEYS – WHAT WE CAN LEARN FROM EACH OTHER

On 24<sup>th</sup> April the “**Hydrogen Valleys Summit**” took place in Poznań (Poland), as part of “H2Poland & NetZero Forum,” an event involving key players responsible for decarbonization and the hydrogen economy in Europe.

The conference was organized by the Wielkopolska Region and Hydrogen Europe to deepen the understanding of the concept, the potential of hydrogen valleys and to exchange best practices and experiences mainly from European regions.

TH2ICINO project was invited in the session “H2 Valleys – what we can learn from each other” together with other hydrogen valleys project from different countries (Poland, Bulgaria, Portugal and Ireland) for a presentation and a discussion on success and challenges. The panel:

- TH2ICINO Hydrogen Valley - Massimo Corradi (SEA Milan Airports)
- ZAHYR Hydrogen Valley - Dr. Rumyana Grozeva
- HyTagus Hydrogen Valley - Marcos António Nogueira
- SH2AMROCK - Szymon Szufa
- moderator Alex Carr from Clean Air Task Force.

The project is supported by the Clean Hydrogen Partnership and its members.

Co-funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the Clean Hydrogen Partnership. Neither the European Union nor the granting authority can be held responsible for them.
